VERSION 4.0

TIME & ATTENDANCE LABOR MANAGEMENT SOFTWARE

LONE WOLF
SOFTWARE, INC.

What is Time Wolf?

Time Wolf is a simple, automated time and attendance software designed to help small businesses manage their labor processes and policies. Time Wolf provides you more time to focus on the important tasks of growing your business while saving you money and providing accurate payroll reporting.

Easy To Install

Simply load the Time Wolf CD into your computer, set your company policies, enroll your employees and go back to work.

Easy To Clock In & Out

No matter what your choice of entry (Keyboard, Proximity, Biometric Fingerprint, or Full Biometric Hand Geometry scanning) Time Wolf allows your employees to quickly clock in and out.

Easy To Use

Time Wolf calculates regular hours, two levels of overtime, sick time, vacations, holidays, exceptions, etc. Time Wolf generates detailed reports for you to help manage your business as well as exports Time and Attendance data to most payroll applications including some of the most popular such as ADP, Paychex, Quickbooks, and Peachtree.

Time Wolf Software Includes

- Starter Employee count 50
- Upgrades to 75 or **maximum** 100 employees
- up to 5 clocks (Need more? Check out www.InfiniTime.com)
- Supports all pay periods
- Unlimited Departments
- Track Tips
- 250+ Payroll Interfaces available
- Department Transfers
- Archive data
- Auto lunch deduction
- Two levels of overtime
- In/Out zones to control unauthorized overtime
- Outputs hundreds of detailed reports
- Output reports to your Screen, Printer, Excel, Word PDF HTML
- Assign off site work, holiday and other hours by individual or group

THE PERFECT APPLICATION FOR SMALL BUSINESS
